(c) 1. d. incurred during the reimbursement period or between January 1, 1999, and the effective date of this subdivision ... [revisor inserts date], the commission may approve the application only if the commission determines that the local government's collection of land information, as defined in s. 16.967 (1) (b), and development of a land information system, as defined in s. 16.967 (1) (c), that is related to that purpose are consistent with the applicable county land records modernization plans developed under s. 59.72 (3) (b), conform to the standards on which such plans are based, and do not duplicate land information collection and other efforts funded through the land information program under s. 16.967 (7). The commission shall obtain the advice of the land information board in making determinations under this subdivision.

1r. If the commission does not approve an application under subd. 1., the commission shall provide the applicant or applicants with the commission's reasons and give the applicant or applicants an opportunity to resubmit the application.

2. From the appropriation under s. 20.155 (3) (q), the commission shall make grants to reimburse wireless providers and local governments for costs approved under subd. 1. that are actually incurred by the wireless providers and local governments, except that no wireless provider or local government may receive a total amount in grants that exceeds the estimated amount approved by the commission under subd. 1. for that wireless provider or local government. The rules shall specify the conditions under which a wireless provider or local government may revise an application approved under subd. 1.

4m. The rules promulgated under subd. 4. may allow local governments to receive grants for reimbursement of the costs described in par. (c) 1. e., but only if the commission collects information regarding the expected amount of such costs and the commission determines that the expected amount of the costs is no more than 5% of the overall cost of the statewide system for responding to wireless emergency 911 telephone costs and that reimbursement of such costs is in the public interest, promotes public health and safety, and is not a disincentive to consolidation of dispatch functions by local government emergency call centers. If the rules promulgated under subd. 4. allow for reimbursement of the costs described in par. (c) 1. e., the commission shall include the information that the commission is required to collect under this subdivision in the report required for the rules under s. 227.19 (3) .

5. To the greatest extent practicable, a local government that receives a grant under this paragraph shall make all purchases, leases, and service contracts under the grant through the program under s. 22.07 (3m). If a local government makes a purchase, lease, or service contract outside the program under s. 22.07 (3m) when a

practicable option for that purchase, lease, or service contract is available at a lower price under the program under s. 22.07 (3m), the commission shall reduce the amount of the local government's grant that is related to that purchase, lease, or service contract to reflect the lower price. If a local government has made a purchase, lease, or service contract outside the program under s. 22.07 (3m) when a practicable option for that purchase, lease, or service contract subsequently becomes available at a lower price under the program under s. 22.07 (3m), the commission shall reduce the amount of the local government's grant that is related to that purchase, lease, or service contract to reflect the lower price.

(e) *Supplemental grants.* The commission shall promulgate rules for making supplemental grants from the appropriation under s. 20.155 (3) (q) to counties that submit joint applications required under par. (c) 4. The rules shall establish the supplemental grants in amounts that provide an incentive for counties to submit joint applications. The rules may not impose any limits on the use of a supplemental grant and shall allow the commission to make the grants in installments.

(f) *Wireless surcharge.* 1. The commission shall promulgate rules requiring each wireless provider to impose the same monthly surcharge for each telephone number of a customer that has a billable address in this state, except that the rules shall adjust the amount of the surcharge that is imposed on customers who prepay for service to ensure that such customers pay an amount that is comparable to the monthly amount paid by other customers. The rules shall require the surcharge to be imposed during the 3-year period beginning on the first day of the 2nd month beginning after the effective date of the rules. The amount of the surcharge shall be sufficient for the commission to administer and make the grants under par. (d) and the supplemental grants under par. (e). The rules shall require wireless providers to pay the surcharge to the commission for deposit in the wireless 911 fund.

2. The commission may promulgate rules that increase or decrease the surcharge, except that the commission may not increase the surcharge more than once per year and any increase must be uniform statewide.

3. A wireless provider shall identify the surcharge on a customer's bill on a separate line that consists of the words "federal wireless 911 mandate fee."
